WILSON ELATED AT END OF TRIP

PRESIDENT CONVINCED THAT THE
COUNTRY WILL SUPPORT HIM.

FINDS MIDDLE WEST FOR PREPAREDNESS

Exhausted When Last Speech Was
Made This Morning, He Was Un-
decided on Another Tour.

Special to The Democrat-Forum.
St. Louis, Feb. 3.—President Wilson today brought to a close one of the most momentous trips ever taken by a president. He was happy as a boy at the close of his speech here, which is his last on the trip, and made no effort to hide the elation he felt at the reception he received.

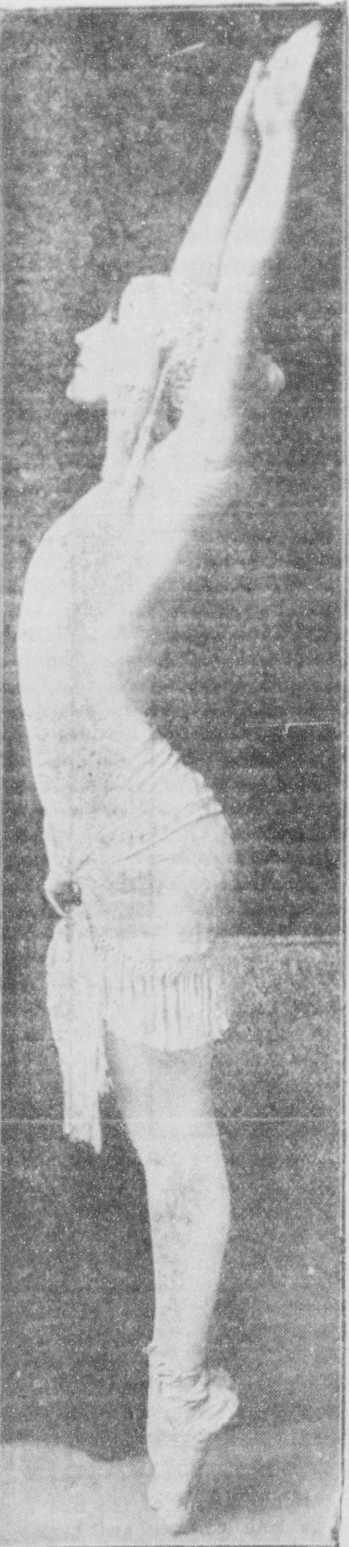

He firmly believes now that the country, at least the sections through which he has been, will support him in his demand for a more adequate defense of the nation.

The great crowds showing out much enthusiasm, have convinced him that the reports that the middle west is so strongly opposed to preparedness was greatly exaggerated.

He has not definitely determined whether he will make another trip, as he is much worn out by the strenuous life of the last week. He will leave this afternoon for Washington, arriving tomorrow afternoon.

Thrift day is being observed today by many citizens wearing buttons with "Thrift Day, February 3" upon them.

Special to The Democrat-Forum.
Wilmington, Feb. 3.—That a mysterious aeroplane has been making night trips over the plants of the DuPont powder works here and at Carney's Point, N. J., where numerous explosions have occurred, was admitted by a high official of the company today.

The information was given to the agents of the federal department of justice.

MAUD ALLAN, HERE TONIGHT

Famous Dancer Will Be Star of "Rug
Maker's Daughter" With Forrest
Stanley.

Maud Allan, ranking with her bosom friend, Pavlova, as one of the two greatest dancers in the world, is the star of a specially elaborate motion picture production, "The Rug Maker's Daughter," which Rosworth Incorporated, in association with the Oliver Morosco Photoplay Company will present at the Empire theatre tonight.

In the thrilling scene where Forrest Stanley throws his jailer over his head in making his escape from the dungeon in Constantinople five different actors resigned the part of the jailer before one could be found with stamina enough to take the fall. The hold by which Stanley secures this sensational fall is known by wrestlers as "the flying mare," and was taught him by a world's champion wrestler. It is undoubtedly picturesque but its great danger to the victim practically debars it from competition unless there is had blood between the contestants.

"The Rug Maker's Daughter" is Maud Allan's first appearance upon the screen.

Haines Going to New York.

Harvey L. Haines will leave Saturday morning for St. Joseph, where he will meet his brothers, C. S. Haines of Sabetha, Kan., and P. H. Haines of Eldorado, Kan. From there they will go to New York City on a buying trip for the Haines stores. Mr. Haines said "rags," but we are presuming that he meant the classy, nifty glad rags, so dear to the heart of women.

2 GAMES TOMORROW ASKED FOR HOUSE

BASKET BALL BACK WITH US
AGAIN IN FORCE.

NORMAL-W. J. C. HERE TO LEARN PEACE TERMS

High School Will Go to Tarkio With
All Ten of the Squad on
the Trip.

William Jewell college will bring her basket ball team to Maryville tomorrow night for another "cleaning," if the confidence of the Normal team may be considered a criterion The Cardinal team plays Missouri Wesleyan tonight and will go on to Tarkio Saturday night.

But none of them believe that the game will be easy. The Baptists always have a way of putting up a hard fight, as the 35-32 score at Liberty last week shows. The training school team of the Normal and the Pickering high school will play while the crowd is gathering as a curtain raiser.

Meanwhile our ever-victorious high school team will be on their way to Tarkio, leaving early tomorrow morning. All ten men of the squad will make the trip, as several of the men are well and Coach Becker believes that they may be needed. Sealeman was too sick to attend school today.

Crawford hurt one hand rather severely last night, a large piece of flesh being torn away. Flemming and Van Cleve have been sick. So the following men will probably be taken: Crawford, Van Cleve, Flemming and Egley, forwards; Sealeman and Nixon, centers; Hughes, Tilson, Harris and Woodard, guards.

Harris has a bad ankle and Tilson was sick yesterday, so things really look blue for the Maryville boys. It will cost considerably more to take the squad, but it seems to be the only safe thing to Coach Becker. Lichtenberger of Milliken university, and now of St. Joseph, who refereed the Mound City game here, will be referee at Tarkio. Gowdy, former star for Tarkio college will umpire.

The score of the M. H. S. Tarkio game will be received by long distance telephone at the office of The Democrat-Forum as soon as possible. Call us up any time after 10 o'clock for the scores. For those who do not attend the Normal game the score may be learned by calling 42.

An interesting comment on the authority of dope was received Tuesday night when Springfield normal won from the Central Eagles 45-25. The Normal scores were 41-26 and 41-27, slightly better than Central's and the Central-Normal score at Fayette was 25-24. Coach Clingenpeel of Central wanted to play here February 17, but that is the date of the game at Tarkio. Another date may be secured.

Tarkio, Drury and Springfield remain undefeated, and the only chance for a pennant is for some one to go get those three. The Springfield normal will be here a week from tomorrow night and Tarkio will be met a week later at Tarkio, so some changes may be expected.

Roy David, formerly a guard on the M. H. S. team, is one of the guards on the Jewell team. He was also a member of the base ball team which played here last spring.

WILSON SENT ADVISER AT SUG-
GESTION OF BERNSTORF.

Highest Authority for Statement Given
to International News—Other
War Dispatches.

Special to The Democrat-Forum.
London, Feb. 3.—Information from a very high source was received today by the International News Service that Colonel House, representative of President Wilson, came to Europe upon a pressing invitation from Germany.

At the suggestion of Von Bernstorff, the president sent his envoy to the capitals of all the belligerents to sound out their sentiment and get their views of propositions upon which peace might be based.

Turkish Prince Was Murdered.
Paris, Feb. 3.—Chief Passa, leader of the Young Turks party, asserts today that Yusse Izzeden, heir to the Turkish throne, who was reported to have committed suicide yesterday, was really murdered because of his opposition to the Turko-German alliance.

Several Ships Sunk Yesterday.
London, Feb. 3.—The British steamer Belle of France was sunk in the Mediterranean and nineteen of its crew who are missing are believed to have perished. It was a 3,800-ton vessel. The Dutch vessel Artemis, of the same tonnage, was torpedoed and sunk by a German submarine also.

Still Fear German Break.
Paris, Feb. 3.—A dispatch from Lausanne quotes the Frankfurter Zeitung, one of the semi-official papers of Germany, as saying that the danger of a break with the United States was still imminent.

Conscription Bill Signed.
London, Feb. 3.—King George signed government conscription bill today and the measure will become effective February 10.

2 ON LOS ANGELES PROGRAM

C. J. Colden, Former Editor of Forum
and Dr. C. C. Sealeman at Ad
Club Banquet.

At the Ad club luncheon held in Los Angeles, Cal., February 1, at the Clark hotel, two well known former residents of this county were on the program. C. J. Colden, formerly editor of the Nodaway Forum and president of the board of regents of the State Normal school, was chairman of the day. Dr. Charles C. Sealeman, pastor of Trinity Auditorium of that city, gave an address on "Personality." Rev. Sealeman is a nephew of Mrs. S. G. Sealeman of this city.

Arkansas Guest Leaves.

Joe Pfeiffer of the Pfeiffer Stone works at Pfeiffer, Ark., who is the guest of Mr. and Mrs. C. D. Koch, will leave this evening for St. Joseph, where he will visit several days. He will be accompanied by Adolph Koch of Harrold, S. D., who is visiting his parents, to St. Joseph.

Special to The Democrat-Forum.
Washington, Feb. 3.—Villista forces are again threatening the oil fields in the Tampico district. It is stated that the department received a dispatch saying that the Villistas defeated Carranza at Chapipe, in that vicinity.

El Paso, Feb. 3.—Rafael Castro and Bernardo Deltoro, formerly holding high commands in Villa army, were arrested here charged with connection of the massacre of Santa Ysabel. They declared their innocence.

GREENS WON THIRD GAME

Whites Lost in Girls' Tournament at
Normal Yesterday Afternoon—Pal-
freyman Referee.

The Greens and Whites, two girls' teams at the State Normal, met for another battle yesterday afternoon. The line-up was practically the same. It was a swift, close game, the excitement was high as the alternating goals were made. The score was 26 to 36 in favor of the Greens. In the absence of Miss Boggs, George Palfreyman refereed the game. This makes two out of three for the Greens.

The line-up for the teams is as follows:

Greens—Carrie Coler, Agnes Gromer, forwards; Dona Peter, Edith Johnson, centers; Edna Younger, Katie Apinap, guards.

Whites—Neta Elliott, Helen Stockton, forwards; Verna Key, Opal Birkenholtz, centers; Merle Levy, Ester McLavy, guards.

DRY MAJORITY 640 AT 3 P.M.

ELECTION WON BEYOND DOUBT AT
1:30 TODAY.

WETS GAVE UP FIGHT EARLY IN MORNING

Fourth Ward Was 247-69 Against Sa-
loons at Press Time—Little Excite-
ment and Less Trouble.

The dries had won Maryville past any hope and by a mathematical calculation at 1:30 o'clock. At 3 o'clock, when the last returns were in before going to press, the dry majority was 640.

The wets gave up the fight early in the day and by 10 o'clock not a wet worker could be found at any poll. Few expect a total vote of more than 1,200 will be polled. If the same ratio is polled for the rest of the day, the dry majority will be well over 700.

But even if the wets should poll every vote for the rest of the day, the dry majority will still be 386. Even the old fourth ward is rolling up a 4 to 1 count against John Barclaycorn, and Parson Hale is wearing a smile so broad his ears are in danger of caving in. The vote by wards at 3 o'clock today was:

Wards	Dry	Wet	Maj.
First	151	31	120
Second	183	36	147
Third	212	17	195
Fourth	247	69	178
Totals	793	153	640

The majority against the saloons was more than 400 at noon, but only about 125 wet votes had been cast at that time. More than 500 votes altogether had been cast by 10:30 o'clock, a record for early voting in Maryville.

The fourth ward led off in this, and 90 votes were cast by 6:30, when the polls had been open but half an hour. These were members of the Baptist church, under the leadership of Parson Hale, however, and only 4 wet votes were in the list. All morning long the dries led more than 2 to 1 in the fourth. Hale remained near the polls all day, assisted by Dr. K. R. Malotte and other leaders in the Baptist church.

The dry committee showed the most thorough organization ever seen here. Every car, jitney and taxicab in the city was hired for the day and was be-

NOW WATCH MARYVILLE.

Maryville today is making the greatest single decision of its existence, no matter what the majority against the saloon may be. Now watch the city boom. Watch the Normal enrollment increase. Keep your eye on the population as it rises like mercury in a thermometer in August.

But this increase is not to come without effort. A great obstruction is being removed today by Maryville's progress. But some constructive effort will be needed as well as destructive. Today's victory should be only an encouragement to renewed and greater activity.

Early in the spring a trade extension tour should be made over Nodaway county and Maryville's commercial territory to impress upon the minds of all again forcibly that the saloon has been removed from our midst and to present all the reasons for Maryville's being a good place to trade or to live.

The next great step which should be taken by Maryville is a change in the form of its city government. Either the third class charter should be adopted or the commission form of municipal government should be inaugurated, preferably the latter.

The men in the city government of Maryville are honest, competent and capable. But the system is cumbersome and unwieldy. The men are working against odds. No business in town could long survive under such a handicap. Every city of this size in

Kansas except Salina has such a system of municipal government.

It is the next worth-while change in policy for the citizens to look forward to in the progress of the "Queen City of Northwest Missouri."

Two guesses were current as to the reason for the crowd in town yesterday.

One was the sale; the other that the country folks had come to town to tell the merchants how dry they were.

There may be a scarcity of dyes, but not of dyes.

Maryville ought to be self-conscious today for the eyes of a county, a sec-

tion of the state, and a large part of all the state is turned upon her.

Special prices on clothing at the Toggery Shop.

Misses Anna Stapler and Elizabeth Heffern attend Gossard Salesmanship School in Chicago.

The Haines store has sent their cor-

setiers, Misses Stapler and Heffern, to attend the Gossard Training School for Saleswomen in Chicago. They will remain there during the week of January 31st to February 6th.

This school is an innovation in that it accepts only saleswomen who have practical experience and who are ready to take post-graduate work. It is just like a doctor or lawyer attend-

ing a university to get his doctor or lawyer degree.

The Haines store is to be congratulated on its advanced idea of rendering service in every department of their store, especially their corset department. It seems that salesmanship in its varied forms, such as corset fitting, service and the study of turnovers is becoming important enough to deserve

the careful thought of the best doctors in both colleges and business, many of the universities now having very complete courses in selling activities.

We hope Misses Stapler and Heffern will be successful in their work, and that they will be able to obtain their diplomas, which will be their reward if they pass their final examinations.

What is a farmer's wife?

Is she a drudge? Does each day bring her nothing but grinding, humdrum toil—each night nothing but numb exhaustion? It used to be so.

That's why thousands of women who loved the thought of farm life have shrunk from its realities.

But to-day they're helping farm housewives to make work easier, home cheerier, and a woman's life on the farm really worth living.

Read, for instance, how Iowa is Reaching Her Women,

in this week's issue of

The COUNTRY GENTLEMAN

The Country Gentleman is published for the whole farm family. Many of its pages are devoted every week to giving pleasure and practical help to the woman, the mother, the housewife. This week it contains:

Diana of the Moorland

By LOUIS TRACY, Author of "Wings of the Morning."

—the first part of a wholesome romance that every woman will dote on.

Six Rooms and a Bath

—a bungalow plan that gives much comfort and convenience for little money.

A Start With Turkeys

—showing that they aren't so hard to raise after all—if you know how.

Pansies in Winter

—one of several articles about every woman's friend—her flower patch.

Beans Once a Week

—how to serve them ten delicious ways—the week's page of recipes.

Going to School at Home

—an inspiring kindergarten talk, the first of a series for farm mothers who want to teach their own children.

The Winter Social

—getting the men interested—one of the regular pages about Good Times on the Farm.

Money in Their Pockets

—about a club sale of plants that netted a neat sum.

And all these in addition to the usual articles and departments devoted to the farmer and his work, such as:

The Idaho Idea in Potatoes

—making the big potatoes sell the little ones.

Lime for Legumes

—when, where and how to use it.

A Venture in Cold Storage

—how it was done and what it accomplished, in terms of apples.

And the regular pages:

—National Farm Progress, Power on the Farm, The Business of Dairying, Live Items About Livestock, Good Methods in the Field, Farmers of Tomorrow, The Market Garden, Commercial Fruit Growing, The Poultry Calendar, etc.

A WOMAN'S BACK.

The Advice of This Maryville Woman Is of Certain Value.

Many a woman's back has many aches and pains. Ofttimes 'tis the kidneys' fault. That's why Doan's Kidney Pills are so effective.

Many Maryville women know this. Read what one has to say about it: Mrs. R. Snyder, 1108 E. Third street, Maryville, says: "My kidneys bothered me for quite awhile, and I had a dull pain across my back. I felt tired all the time and couldn't rest well. After using a few boxes of Doan's Kidney Pills I got great relief. My health has been better since then."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Snyder had. Foster-Milburn Co., Props., Buffalo, N. Y.

3 SHIPPERS IN JOURNAL

John Holker, Russ Peter and Willis Reece Mentioned in St. Joseph Paper.

Joe Holker, a regular shipper to this market from Hopkins, was in Tuesday with a shipment of hogs containing 55 head, averaging 358 pounds, at the top of the market, \$7.90. Mr. Holker has been on the St. Joseph market several times during the past year with cattle of his own feeding, and has always had the quality of stock to top the market.

"I have no particular use for ensilage, but I fill a silo every year," said Russ Peter, a prosperous farmer and feeder of Skidmore, who was in today with a shipment of hogs. "I have always found some use for it, and have always been glad I have put it up. It is good feed for my milk cows, besides a little of it does pigs and hogs good. If the horses are not worked too hard it will take the place of grain and cut the feed bill down greatly. The cattle always need a little roughness to go with their regular ration and ensilage is obtainable for them all the year around."

Willis Reece of Nodaway county marketed 60 steers, averaging 1,009 pounds at \$7.20.

DRINK SIX GLASSES

OF WATER DAILY

An Interesting Statement by One of the Big Men in the Drug Business

A. E. KIESLING

of Houston, Texas, says: "If you have a muddy complexion and dull eyes, you are constipated. Six glasses of water daily and one or two Rexas Orderlies at night will correct this condition and make you 'fit as a fiddle.' Rexas Orderlies, in my opinion, are the best laxative to be had, and can be taken by men, women or children."

We have the exclusive selling rights for this great laxative. Trial size, 10 cents. **OREAR-HENRY DRUG CO.** THE REXALL STORE.

EUREKANS GIVE BIG BANNER

Blue and White Pennant Will Be Added to Collection in Normal's Assembly.

The Eureka Literary society presented the State Normal school with a large banner in the society's colors, royal blue and white. The Eureka is the first society of the Normal to present a banner to the school. It was placed in the assembly room yesterday.

The new school song, "Green and White," which was written by one of the Eureka girls, will be sung at the basket ball game Friday night, under the direction of Prof. H. B. Schuler.

SWAMP-ROOT STOPS SERIOUS BACKACHE

When your back aches, and your bladder and kidneys seem to be disordered, remember it is needless to suffer—go to your nearest drug store and get a bottle of Dr. Kilmer's Swamp-Root. It is a physician's prescription for diseases of the kidneys and bladder.

It has stood the test of years and has a reputation for quickly and effectively giving results in thousands of cases.

This prescription was used by Dr. Kilmer in his private practice and was so very effective that it has been placed on sale everywhere. Get a bottle, 50c and \$1.00, at your nearest drugist.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Maryville Daily Democrat-Forum.

FURNITURE FROM BEER KEGS

Hopkins Journal's Suggestion to Manual Training Class Led by Eugene Bird There.

Eugene Bird, teacher at Unity, east of town, is performing a real service for this town by teaching manual training every Saturday afternoon at the Presbyterian church basement, and has been conducting the school for over a month, the greatest enthusiasm prevailing among his young students.

In this connection, the Journal might give Mr. Bird and his under-studies a pointer. We caught the idea from a manual training school down in Kansas, where empty beer kegs are being transformed into beautiful oak furniture, as the women would say, "perfectly exquisite furniture," it being claimed by good authority that beer kegs furnish the very finest of oak.

Many empty kegs were pressed into service in the Hopkins vicinity during the last wheat harvest, being used on binders to help drag them through the mud occasioned by the incessant rains. These kegs might now be gathered up and made into furniture by the members of our manual training school.—Hopkins Journal.

ing used. Finding more to do than these could handle, T. E. Tebow offered his bobsled, and a number were brought to the polls in this.

The wets showed signs of holding out and not voting until late in the afternoon. Several ballots were discovered in the ballot boxes of the fourth ward about the middle of the morning with "For the sale, etc." on one side and "Against" on the other. No arrests have been made for the offense, and this has been the one evidence shown of crooked work. Such ballots have to be thrown out.

Dr. A. T. Fisher, connected with the state hospital No. 2, at St. Joseph, came to Maryville today to vote. He said that was the reason that he came to Maryville, and the only one. "I am all dry," he said, "and I don't see how anyone could work as I do with the insane and not be likewise."

"At St. Joseph we have 1,740 inmates, costing the state about \$400,000 yearly. And at the very lowest estimate one-half of them are there because of liquor. That's the other side of the revenue, not to speak of the awful waste in human life."

The Empire theater made a unique use of the interest in the campaign by passing out cards which read, "Vote Against" in large letters, and then in smaller type at the bottom, "Staying at home when you can see 'The Rug Maker's Daughter' at the Empire tonight." A light snow fell all day but the workers at the polls had plenty of fur coats and gloves and stayed on the job.

The vote was 1,688 in the last liquor election. It was 1,184 at the last city election, so that by the regular increase the total vote may be close to 1,300. The vote by wards at the last election was:

Wards	Dry	Wet	Majority
First	108	108	000
Second	109	103	6
Third	165	71	94
Fourth	134	289	155

MARYVILLE PEOPLE

PRaise SIMPLE MIXTURE

Many in Maryville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-Ka. This remedy is the most thorough bowel cleanser ever sold, being even used successfully in appendicitis. One spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. Adler-I-Ka cannot gripe and the instant action is surprising. The Koch Pharmacy.
